DR. ALBRIGHT MAKES STATEMENT REGARDING "FLU"

I want to reply to the following local in last week's Advocate:—

No Flu Says Baptist Institute. —Last week two girls had a little cold and sore throat but with the agency of a few pills they soon got all o. k. and are attending their classes. We have no flu here and hope to remain in the best of health.

This is a false statement written by someone not informed in diagnosis of contagious diseases. I was called to the B. B. I. on Jan. 28 to see two young ladies. I found them sick and suffering with typical cases of influenza. One of the young ladies against my orders was taken to her home in the country which was a violation of Health Laws. Her father informed me she was still very sick when he came to consult me on Saturday, February 7th.

As Health Officer I am trying to protect the health of the people, and keep under control epidemics of contagious diseases.

Therefore:—

I ask the Principals of all the schools to report to me all contagious diseases found in their schools where a physician is not called in.

We now have influenza in our town in an epidemic form. Quite a number of students at Union College have been reported by their physician. Hi-Land Park has an epidemic of influenza and one case of small pox with seven teen exposures.

I want to ask the Heads of schools and families of the city to co-operate with me in stamping out contagious diseases. A Health Office is very much handicapped without the co-operation and assistance of the citizens.

G. H. Albright, Health Officer.

Birthday Party

Mrs A.M Decker Jr. entertained in honor of the fifth birthday of her daughter, Gene.

Those present were; Misses Elevelyn Black, Zella Pelly, Dorothy Decker, Katherine Faulkner, Mrs Jas. Golden, Joe and Ben Edwards, Richard Golden, Claud Faulkner and Eugene Coon.

Refreshments consisted of cocoa and birthday cake.

Send the Mountain Advocate to your friends who are away from Barbourville. They will appreciate it.

ALLEGED CRIMINALS ARRESTED

Milford Lawson, Bradley Smallwood and Chester Phelps are in the Knox County jail at Barbourville, charged with the death of Fred Fields of Hazard, an ex-soldier whose body was found near the L. & N. bridge across the Lynn Camp, just within the confines of Knox County, Feb. 3rd. The murder occurred on the night of Feb. 2 and robbery was evidently the motive. The arrests were made by Coroner J. F. Dozier. The evidence is thus far circumstantial. Bail was fixed at \$7,000, but it is understood the prisoners were unable to get any one to go on their bond.

MRS. J. S. MILLER ENTERTAINS

Mrs. James S. Miller entertained the M. E. Ladies Aid Society, Friday afternoon, Feb. 6, at her home on Pine st. Seventeen members answered roll call with Bible verses. Over an hour was given to the business session. Plans for future activities of the Aid were discussed. Mrs. Robt. Cornett, first vice-president presided over the meeting in the absence of the president, Mrs. A. W. Hopper. The visitors at the meeting were Mrs Chas. Jones and Mrs Renfro.

After adjournment, there was an enjoyable social hour during which there was much music and conversation. Mrs John Tye Mrs L. C. Miller and master Warfield Miller assisted the hostess in serving the dainty refreshments.

The members were invited to hold the next regular meeting Friday afternoon, Feb. 20th at the home of Mrs Jordan Miller. All members are especially urged to be present.

SICK CHILD—FATHER WALKS TEN MILES.

Henry Cormack, of Payne's Creek, walked ten miles to see Dr. J. H. Albright, Saturday. His daughter is very ill and he found the road so impassable that he could not ride over it, much less ask a doctor to travel it. So, the girl of his heart has to take her chances without the benefit of medical skill. Last year, the father himself was stricken and Dr. Albright managed to struggle thru and probably saved his life as he was about gone.

This is not an isolated case in Knox county, gentlemen, but is part of a general condition in winter.

There are scores of men in the county, who when death is hovering over the home and the life of a loved one hangs by a hair in the balance, would give all they possess for the comfort of the presence of a doctor. And, often they cannot get him, or if they do, he may arrive too late. There is no question of a bond issue in Knox county. We are in up to the hilt, with an income that will do but little. It is up to us to lift ourselves by our own bootstraps. The militia if properly called out and persuaded to work can do wonders. Our Senator and Representative at Frankfort will do what can be done in a scheme of Kentucky road development which Lt. Governor Ballard is now attempting to put through by the aid of some kind of taxation. Write to your Representative and Senator and tell them you are in sympathy with any scheme that offers an uplift from the accursed mud and that you are ready to pay a few dollars so that this may be brought about. See that your overseer is lined up for good roads. Hold meetings at your different school-houses and agree among yourselves to really work the roads when called out to do so. They don't look so bad in the summer or fall, but if you will let your memory go back to winter roads, it will put some real pep into road building that will lift this and that hole out of the mud and result in better roads. You belong to the race that fights best with its back to the wall and heaven knows you farmers are up against it to the limit. Because your bond issue brought you no relief is no reason for not getting what relief you can and largely, that must be by lifting yourselves out of the mud. The lives and happiness of your children are above theories and prejudices. Fix the roads, get some split log drags and get after the powers that be at Frankfort to amend the Constitution if necessary that you may have good roads. Then see that they are built right.

SOME BALL GAME.

University of Kentucky girls came to Barbourville to make a slaughter of our Union College girls Saturday and a slashing game resulted. At the end of the first half, the game stood 6 to 6 in favor of nobody, at the end of the second half, 11 to 11 and at the end of a bonus five minutes, 13 to 13, which proved to be nobody's unlucky number. Our girls are certainly upholding their end as basketiers when they can hold down State University even tho they did not put one over on them. Better luck next time, girls.

BIRTHS.

Born to Mr. and Mrs. J. F. Helton, Woodbine, a fine boy.

To Mr. and Mrs. J. P. Philpott, a boy, Edward B.

To Mr. and Mrs. R. C. Faulkner, Jan. 31, a boy, R. C. Jr.

To Mr. and Mrs. Geo. T. Tye, Jan. 21, a girl, Miss Diana

To Mr. and Mrs. Esom Parker, Bryant's Store, Feb. 4, a boy, Ray Edward.

To Mr. and Mrs. Jas. McDonald, Matlock, Feb. 5, a young lady, Miss Henrietta.

WILL CELEBRATE 87TH. BIRTHDAY

Capt. W. M. McDonald will celebrate his 87th birthday Saturday, Feb. 14th. His daughter Mrs C. H. Baker of New York is remaining over until after that date. Capt. McDaniel is a grand old man who bears his age lightly and who, we trust will enjoy many more years of life.

MORE PAVED STREETS ORDERED

The City Council has decided to go ahead with the paving of the following streets, which will put Barbourville in the A1 class in the matter of modern streets and help to make it the best paved college town of its size in the South. College, Depot, Allison Ave., to Hedrick, Manchester, Knox to the L. & N. depot, the street by Parrott's garage and from the river bridge to the corporation limits. It is hoped that we shall eventually get a union depot and for this reason the road will be run to the L. & N. tracks. The road across the bridge will about connect with the good road and if it does not quite meet, can easily be fixed, thus killing the weak link that has made this road practically a dead letter from a haulage standpoint.

We congratulate the City Council on its action.

A GOOD MAN PASSES.

The death of Mr. G. Fred Thomas occurred suddenly on Feb. 5th, at his home in Chattanooga, Tenn. T. J. Moore received a letter from him following the day of his death in which he expressed sympathy over the death of Mr. Moore's niece, Miss Katherine Moore, who passed away recently at Jellico. Deceased had a number of warm friends in this city who will regret his passing. Mr. Thomas had the largest Bible class in the State of Tennessee. He was a member of the M. E. church.

JNO. G. WHITE DEAD.

Jno. G. White, colored, who was hurt at Warren mines last week, died about twenty hours after the accident. Internal injuries were the cause of his death. It is understood that when the mining machine backed, it crushed White against the door of the room. Deceased was a good citizen and with his brother, took good care of their parents.

FRANKLIN & CANNON.

The firm of Franklin & Cannon have bought out the stock and good-will of the A. N. Herndon Dry Goods Store and ask a continuance of the patronage of the customers of the store. The new partners will be Collie Franklin and Ernest H. Cannon, and the business will be run by Collie Franklin. Mrs. E. H. Franklin and Miss Pearl Miller. The Phonograph business will be carried on in the same store. It is interesting to note that Mr. Herndon has been in business for twenty-eight years on two corners; one now occupied by the New York Store and in the present location. Their many friends who have been accustomed to gather a fresh supply of optimism affecing the cheerful faces of Mr. and Mrs. Herndon, will still be able to visit them as homefolks. Both have worked hard and deserve a rest for awhile.

THE OIL FIELD

E. H. Crippen, of Carry, Pa. was here this week looking over the oil situation.

News from the well of the Oneida Oil and Gas Co. owned by the three brothers of Frankfort and Mr Roberts of Oneida is that following a flow of oil, gas developed and blew out the tools. The well is not yet under control but it is estimated the flow will be 3,000,000 or more which can be utilized by Ohio cities.

HIGH SCHOOL NOTES

A Boost For The Advocate.

Tuesday morning our school was honored by the presence of Bro. Creal, Bro. Brock and Bro. Elsie who conducted our Devotion Exercises. Bro. Brock gave us a talk on "Be A Man" and the singing was led by Bro. Elsie. The exercise was enjoyed by all.

We were glad to welcome our sophomore student, Bertha Howard, who has been sick

Last Monday morning we gladly welcomed Hugh Partin Mr Thompson and Gobel Hawn from Union College as visitors to our Ceasar class. We welcome visitors any time.

The Three Gold Bugs have started in to gather the BHS news, so watch the paper grow for BHS in the game too.

Our boys are reaching their goal in Basket Ball they are showing them what they can do when they have a chance. Come out and root for BHS.

They are the game, they have the might, but are not one bit vain. Come out and see them done right.

NOTICE

I will on the 20th day of April 1920, apply to the STATE BOARD OF CONTROL, for parole. JOHN A. POWELL

FEDERATION

SEND DELEGATES

Supt. E. B. Hemphill, D. M. Humfleet, and W. W. Evans are back from Frankfort where they were sent by the Teachers Federation to look after legislation as embraced in Senate bill No. 21. This legislation has gone thru and all teachers should get a copy of the bill. It is interesting to know that every teacher in Knox County is a member of the local association and the local has joined the State Federation. Knox County has the largest organization of any in the state.

All the delegates sent are live wires and know the teaching game. Supt. Hemphill has had a wide experience as teacher. D. M. Humfleet is one of the business getters of U. C. and W. W. Evans was eight years Superintendent of schools in Knox County.

ATTENTION RE- TURNED SOLDIERS

Dr. Leslie Logan, Post Commander.

Dear Friend:

There will be open for entry on the North Platt and Shoshone Irrigation Projects in Wyoming homesteads for soldiers, sailors, and marines, who served in the World War. Application may be made at once. We can secure positions for typist and stenographers here.

There are also some good positions for teachers in the Philippine Islands.

Please bring this matter to the attention of the boys there who might want to take advantage of any of these opportunities and you might have it run in the papers there.

Let any who may be interested write me at once for full particulars.

Your friend,

J. M. Robsion.

RIOT AT LEXINGTON

Will Lockett, negro, confessed slayer of 10 year old Geneva Hardman, will pay the penalty with his life, Mar. 11th., which is as soon as the orderly process of the law will permit him to be electrocuted. He was tried and sentenced within 40 minutes. Unfortunately, his crime was the indirect cause of at least five deaths and the wounding of a score.

In spite of the warning issued by Brigadier General Deweese, an attempt was made to rush the court room in which the prisoner was being tried, headed by William Lockhart who carried a rope in his hand. General Deweese gave a final warning to the crowd and this not being heeded, the steel helmeted troupes poured a volley from their machine gun, automatic rifles and pistols. Four men fell on the steps but the mob pressed on and it was not until the soldiers and police had fired repeatedly into the crowd that they turned back and were driven to the street below.

NOTICE.

All persons against whom we have accounts will be good enough to pay the same at once as we have sold our business. Attention to this matter will oblige.

Why Do You Sell Your Liberty Bonds At A Loss?

There is not a bank in the country that will not take Liberty Bonds as collateral. Why shouldn't they?

If a Liberty Bond is worthless, our money is worthless. They are both built on the same foundation—The United States Government.

By selling Liberty Bonds at a loss you are aiding the silk-hatted, oily-tongued fake stock promoter. When your Liberty Bonds leave you, this individual with a "million dollar smile" begins preying on you.

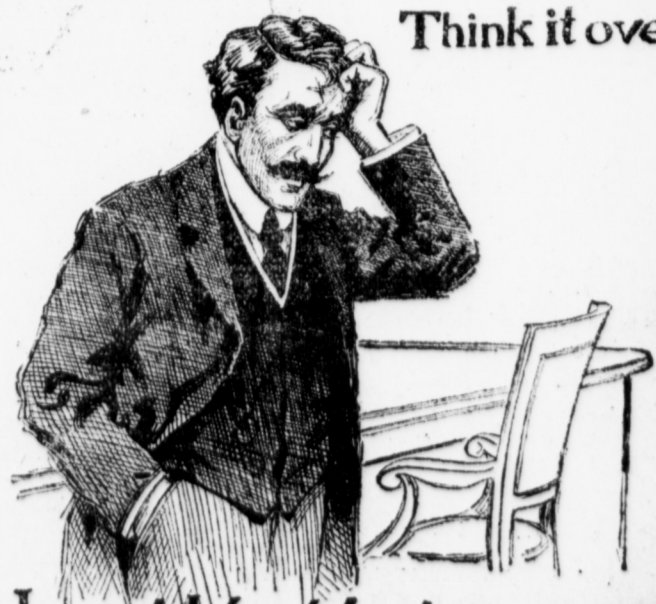

By selling your government bonds "for a song" you have shown the weakness that puts your name on his sucker list.

By holding your bonds, or borrowing money on them, you are showing a real financial trait. You are demonstrating that that you know a good thing and you are not going to let it get away.

Make your bonds a means of saving money. Our savings department will explain it to you.

Mrs. Chas. Peden Gains 27 Pounds

Was Twice Examined and Each Time Told Oper- ation Would Be Her Only Hope

"I have just finished my third bot-
tle of Tanlac and have gained twenty-
seven pounds," she continued "I only
weighed ninety-eight (98) pounds;
now I weigh one hundred twenty-
five pounds and never felt better in
my life. For years I have suffered
with a bad form of stomach trouble
constipation and pains in my side
and back. At times the pains took the
form of torture and I was twice ex-
amined and each time told that an
operation would be my only hope. I
had fallen off until I weighed only
ninety-eight pounds and was so weak
I could hardly get around.

"When I commenced taking the
medicine," she continued "I only
weighed ninety-eight (98) pounds;
now I weigh one hundred twenty-
five pounds and never felt better in
my life. For years I have suffered
with a bad form of stomach trouble
constipation and pains in my side
and back. At times the pains took the
form of torture and I was twice ex-
amined and each time told that an
operation would be my only hope. I
had fallen off until I weighed only
ninety-eight pounds and was so weak
I could hardly get around.

"I had no appetite scarcely at all,
and what little I did eat would cause
gas to form in my stomach which
gave me palpitation of the heart, sick
headaches and a dizzy feeling about
the head. When those spells came
on me I would get awfully nervous.
I worried about myself until I could
rest and sleep but little.

"I had fallen off until I was almost
skin and bones and my strength and
energy were slowly leaving me. I had
a dread of the future and could see
nothing but the operating table and
the knife. I had a perfect horror of
an operation but had made up my
mind that it was either life or death
and prepared to submit to it. I had
made all preparations for the opera-
tion and called on my sister to tell
her goodbye, as I did not know
whether I would live to see her again
or not. My sister begged and plead-
ed with me not to allow them to cut
on me and told me to wait and try a
good tonic for awhile. The next day
as I returned from the consultation
room I thought of what she said, and
as I had heard so much about Tan-
lac, I decided to try it as a last re-
sort, and stopped at the drug store
and got a bottle. Of course, I had
lost heart and had no faith in medi-
cine, but to please my sister, I made
up my mind to take it, and oh, what
a happy day that was for me!

"I never returned for the opera-
tion, but just kept taking Tanlac and
my improvement has been so rapid
that none of my clothes fit me. Right
from the start I began to improve.
The medicine seemed to take hold
right at once. It had a soothing ef-
fect, and in a few days I felt no pain
at all. I was so happy over my won-
derful improvement that I sent for
my neighbors to tell them how much
better I felt. I sent and got another
bottle of Tanlac and have just fin-
ished my third and feel like I have
been made over again into a new wo-
man.

"As I have said before, I now
weigh one hundred and twenty-five
pounds and none of my clothes are
big enough for me, and I will have
to make them over again. I now
have a ravenous appetite and my
husband says I am simply eating
him out of house and home. I have
even gone back to my coffee which
I was told not to touch. Those hor-
rible pains in my back and head
have entirely disappeared and I sleep
like a child. I am no longer nerv-
ous, and when I get up in the morn-
ings I feel refreshed, cheerful and
bright. I am now able to attend to
my housework again and I feel as if
I had started life all over. My hus-
band is highly delighted and my re-
covery is the talk of the neighbor-
hood. I do nothing but rejoice all
day long over the recovery of my
health and praise Tanlac to every-
body.

"I feel so grateful for my escape
from the operating table and the
knife that you may publish what I
have said; you may if you wish, tell
other women suffering as I was to
come and see me and I will be glad
to tell them about my case."

Tanlac is sold in Barbourville by
the Herndon & Payne Drug Store.

Why More Small Cars Come Equipped With Goodyear Tires

Last year, more small cars, using 30 x 3-
30 x 3 1/2, or 31 x 4-inch tires, were factory
equipped with Goodyear Tires than with
any other kind.

This is plainly a result of the high relative
value produced in these small-car tires by
Goodyear's enormous resources and scrupu-
lous care.

They represent the same intense endeavor
to supply utmost satisfaction in tires that
has laid the basis for the marked preference
which exists everywhere for Goodyear Tires
in the larger sizes.

This real Goodyear value in tires is available
for your Ford, Chevrolet, Dort, Maxwell, or
other small car, at our nearest Service Station.
Go there for these tires and Goodyear Heavy
Tourist Tubes.

30 x 3 1/2 Goodyear Double-Cure
Fabric, All-Weather Tread..... \$20.00
30 x 3 1/2 Goodyear Single-Cure
Fabric, Anti-Skid Tread..... \$17.65

Goodyear Heavy Tourist Tubes are thick, strong tubes that
reinforce casings properly. Why risk a good casing with a
cheap tube? Goodyear Heavy Tourist Tubes cost little more
than tubes of less merit. 30 x 3 1/2 size in water-

Orders Board of Council City of Barbourville

Regular meeting, Feb. 6th, 1920.
RESOLUTIONS, stating the necessity for and the purpose of the Board of Council of the city of Barbourville, Kentucky, to cause Knox street to be improved and constructed at the expense of the abutting property owners with vitrified brick, common brick, re-inforced concrete, asphalt Kentucky rock asphalt, or tarvia, including concrete curb and gutter brick gutter, cobble stone gutter or earth gutter, grading the same and installing necessary drainage and tiling;
WHEREAS, said street in the city of Barbourville, Kentucky, is in a deplorable state of repair; the health of the people is menaced by the accumulation of dirt, dust and mud and stagnant water; and the immediate and permanent improvement of said street is hereby declared to be a necessity.
Be it therefore resolved by the Board of Council of the city of Barbourville, Kentucky, that said Knox Street from the east side of Allison Avenue to the west side of the L. & N. right-of-way be improved by paving the same with vitrified brick, common brick, reinforced concrete asphalt Kentucky rock asphalt, or tarvia with concrete curb and gutter, brick curb and gutter, cobble stone gutter or earth gutter, or grading the drainage and tiling; and it is the purpose of the Board of Council of the city of Barbourville, Ky., to enact an ordinance as to said street for said improvement at the cost of the owners of the lands, lots and parts of lots fronting and abutting said street under the ten year plan of payment, said cost to be apportioned according to the front feet of property owned by each person, firm or corporation fronting and abutting said

street.
Within thirty days after the publication of this resolution the majority of the owners, in front feet, of land and lots abutting said street may file with the mayor a written petition designating which of the materials above specified shall be used in the construction of said street.
Said ordinance will be enacted at the expiration of thirty days after the publication of this resolution.
Approved by the mayor, Feb. 6th, 1920.
THOS. D. TINSLEY, Mayor.
Attest: John Parker, City Clerk.

To Avoid The "Flu"

First Of All Make Sure Your Blood is Red and Rich — in Fighting Trim

SAFETY IN VIGOROUS BLOOD

If You're Listless and Depressed Don't Delay a Minute — Get a Good Tonic

If you get the influenza, see doctor at once—but why get it? Isn't it worth while, instead, to take every precaution now against getting it?

Probably the best and first thing to do is to make sure you are in good physical condition. During an epidemic, almost wherever you go you are exposed to influenza. As long as you are really well, the red corpuscles of your blood fight on and defeat disease germs. But when you are tired and run down, when you feel all right except that you haven't much energy or enthusiasm, your blood is tired out too, and you are an easy victim.

Pepto-Mangan has become famous as a builder of rich, vigorous blood. It helps you up when you are run down. It helps you avoid illness. Or, it helps you recover, if you realized your poor physical condition too late.

Physicians have been recommending Pepto-Mangan for years in cases of anemia (bloodlessness.) It is reliable, effective, and has a record of over twenty-five years success. Take no chances with a run-down condition. Get Pepto-Mangan today. It is good health insurance.

Pepto-Mangan is sold in liquid and tablet form. There is no difference in medical value. Take either kind you prefer. But be sure you get the genuine Pepto-Mangan — "Gude's." The full name should be on the package. (Advertisement.)

When Your Farm Stock is Sick, Look For Rats.

Disease among farm animals don't just happen. Rats are carriers of dangerous plagues — hog cholera, foot and mouth disease and that terrible of all scourges — Bubonic Plague. Farmers should throw around premises RAT-SNAP. It's sure and safe. Three sizes. 25c, 50c, \$1.00. Sold and guaranteed by Costello Drug Co. and Wilson Bros. (Advertisement.)

That Terrible Headache.

Do you have periodic attacks of headache accompanied by sickness of the stomach or vomiting, a sallow skin and dull eyes? If so, you can get quick relief by taking Chamberlain's Tablets as directed for biliousness, and you may be able to avoid these attacks if you observe the directions with each package. (Adv.)

Dreadful Cough Cured.

A severe cold is often followed by a rough cough for which Chamberlain's Cough Remedy has proven especially valuable. Mrs. F. W. Olsen, Marysville, Mo., writes:—"About two years ago my little boy Jean caught a severe cold and coughed dreadfully for days. I tried a number of cough medicines but nothing did him any good until I gave him Chamberlain's Cough Remedy. It relieved his cough right away and before he had finished taking one bottle he was cured. I think it is just fine for children." (Adv.)

A Kentucky Woman Rundown-Nervous-Weak

Newport, Ky.:—"I most heartily recommend Dr. Pierce's remedies for they have surely been of great benefit to me. Several years ago I was run-down and nervous with constipation and a catarrhal condition. Dr. Pierce's Favorite Prescription, and Lotion Tablets cured me of all my weakness and restored me to perfect health and strength. From that time to this I have had no feminine trouble of any description so feel assured that mine was a permanent cure."—MRS. AMANDA E. GEISLER, 913 Columbia St.

ANOTHER TESTIMONY

Louisville, Ky.:—"Dr. Pierce's Favorite Prescription is the very best medicine I have ever taken. I suffered for some time with organic weakness and at times I suffered so that I would be compelled to give up and go to bed; my back ached and pains would extend down into my limbs. I would become stiff and numb and was hysterical at times. I was so miserable and nothing seemed to help me until I began taking the 'Favorite Prescription' and this medicine so completely cured me that I have never had the least trouble since. I can recommend it to be the best medicine I have ever taken for the ailments of women."—MRS. E. CASHMAN, 826 Franklin St.

FOR YOUNG MOTHERS

Louisville, Ky.:—"I can never thank Dr. Pierce enough for what his medicine has done for me. I had nursing sore mouth and was so weak I could hardly walk. My baby also suffered. I got medicine from our family physician but it did me no good; I grew worse instead of better, so almost in despair I began taking Dr. Pierce's Golden Medical Discovery and before I had taken half a bottle I felt like a different woman and when I had finished taking that bottle I was almost well. I believe I would have been in my grave had it not been for this medicine."—MRS. EMMA PEAK, R. R. A., Box 314.

Rheumatism Relief--25c.

Nature's Remedy (NR Tablets), Are Helping Thousands Who Tried Expensive Things Without Result. It's Guaranteed.

There are three vital processes of human existence—the digestion of food, the extraction of nourishment from it and the elimination of waste. Poor digestion and assimilation means failure to derive full nourishment from food and that in turn often means impoverished blood, weakness, anemia, etc. Poor elimination means an accumulation of waste matter which poisons the body, lowers vitality, decreases the power of resistance to disease and leads to the development of many serious ills.

Rheumatism—due to some interference with the process of elimination, failure to get rid of certain body poisons—cannot be expected to yield to any medicine that fails to correct the condition responsible for it. Could any reasonable person expect to rid himself of rheumatic pain as long as rheumatic poison is allowed to remain in the body?

Think of this. It explains the success of Nature's Remedy (NR Tablets) in so many cases where other medicines have failed. Thousands are using NR Tablets every day and getting relief. Why pay five or ten times as much for uncertain things? A 25c box of Nature's Remedy (NR Tablets), containing enough to last twenty-five days—must help you must give you prompt relief and satisfactory benefit or cost you nothing.

Nature's Remedy is not only for the relief of rheumatism. It improves digestion, tones the liver, regulates kidney and bowel action, improves the blood and cleanses the system. You've tried the expensive medicines and doctors, now make the real test. You'll get results this time. Just try it. Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.

Getting Rid of Colds.

The easiest and quickest way to get rid of a cold is to take Chamberlain's Cough Remedy. This preparation has been in use for many years and its value proven. No matter what remedy you use, however, care must be taken not to contract a second cold before you have recovered from the first one, and there is serious danger of this. A man of middle age or older should go to bed and stay in bed until fully recovered. It is better to stay in bed three days at the start than three weeks later on. (Adv.)

Why suffer from these persistent tortures when it is so easy and costs so little to do as thousands of others have done and get relief through S. S. S.? It is now well known that eczema and other skin troubles come from impure blood. By giving the blood a thorough cleansing you not only get sure and speedy relief but you also build up the system and renew your vigor and vitality.

This good medicine has stood the test of 50 years as the greatest blood purifier known. It is guaranteed entirely free from minerals of any kind. The experience of others has established the unfailing merits of S. S. S., and there's no question about the wisdom of your giving it a thorough trial. All reputable druggists sell it. If in doubt as to your case write to Medical Advisor, Swift Specific Co., Dept. 54, Atlanta, Ga.

I have installed an up-to-date X-Ray Machine for the examination of teeth which may be causing Rheumatism, Heart Trouble, etc. A. L. Parker, Dentist, Barbourville, Kentucky. 10

COULD HARDLY STAND ALONE

Terrible Suffering From Headache, Sideache, Backache, and Weakness, Relieved by Cardui, Says This Texas Lady.

Gonzales, Tex.—Mrs. Minnie Philpot, of this place, writes: "Five years ago I was taken with a pain in my left side. It was right under my left rib. It would commence with an aching and extend up into my left shoulder and on down into my back. By that time the pain would be so severe I would have to take to bed, and suffered usually about three days. I suffered this way for three years, and got to be a mere skeleton and was so weak I could hardly stand alone. Was not able to go anywhere and had to let my house work go. I suffered awful with a pain in my back and I had the headache all the time. I just was unable to do a thing. My life was a misery, my stomach got in an awful condition, caused from taking so much medicine. I suffered so much pain. I had just about given up all hopes of our getting anything to help me.

One day a Birthday Almanac was thrown in my yard. After reading its testimonials I decided to try Cardui, and am so thankful that I did, for I began to improve when on the second bottle. I am now a well woman and feeling fine and the cure has been permanent for it has been two years since my awful bad health. I will always praise and recommend Cardui." Try Cardui today. 13-3p

The Guiding Eye

No work is done better, than it is seen. If seen indistinctly it will be more or less badly done. Deftness of hand can only come of keen vision. Quick and accurate thinking can only be accomplished when the eyes help—not obstruct—the brain. The manual worker knows how skillfulness results in additional pay. The mental worker is also well aware that quickness and keen perception bear golden fruit. These qualities depend chiefly upon the guiding eye.

Imperfect sight is a handicap which a veritable genius will find too difficult to surmount. It is a tax which is being paid every minute of every day, and inevitably causes wages or salaries to fall short of what they might have been. Imperfect sight naturally causes eye-strain and affects the health. Poor vision also means that we see a fraction of the beauties around us. Many of the wonders of Nature will be missed completely.

Good vision, then, contributes to good work, good health and the enjoyment of recreation.

Let me examine your eyes scientifically and prescribe the necessary lenses, if needed, or advise you what should be done.
